GW has even confirmed the first six 9th Edition Codexes releases out to 2021. Taking a look back to the start of 8th Edition in 2017 perhaps we can see some pattern in how 9th Editions codex release lineup will go? TL;DR The first xeno codexes releases for 8th Edition were: Craftworlds October 2017 Tyranids November 2017 And the first non-Marine books were: Adeptus Mechanicus September 2017 Astra Militarum October 2017 8th vs 9th 40k Codex Release Roadmap! Here's where we stand right now. Including the release of Necrons and Space Marines, six books to 2021, and what looks to be one Imperial, and one Xenos coming this January. Although it may seem a little strange that Death Guard is getting a codex before Chaos Space Marines, perhaps it's due to the relatively recent update last year in psychic awakening,. It could also be because it is a stand-alone codex itself, and does not require a Chaos Space Marine book to function as the loyalist ones do. Now lets see how the start of 9th compares with the start of 8th Edition: 8th Edition 40k: Year One Space Marines July 2017 Chaos Space Marines August 2017 Grey Knights August 2017 Adeptus Mechanicus September 2017 Death Guard September 2017 Astra Militarum October 2017 This is the first six, so it's the same snapshot that we currently have for the 9th edition. Roughly looking at it here there are 4 Imperium codexes and 2 Chaos vs 9th edition's 4 Imperium, 1 Chaos, and 1 Xenos. Relatively similar patterns trading in one Chaos release for a Xenos release. Craftworlds October 2017 Tyranids November 2017 Blood Angels December 2017 Dark Angels December 2017 Adeptus Custodes January 2018 Chaos Daemons January 2018 Thousand Sons February 2018 Tau Empire March 2018 Necrons March 2018 Drukhari April 2018 Looking at the list after 10 more releases raising the count to 16 total the ratio of Imperium-to-Chaos-to-Xenos changes a bit. The totals after 16 releases are 7 Imperium, 4 Chaos, and 5 Xenos books respectively. This likely means that the first full year of 9th may have more Chaos and Xenos releases that Imperium just to catch up to the deficit of the 4-1-1 split going into 2021. Back In Stock Get Yours Now! Harlequins May 2018 Deathwatch May 2018 Imperial Knights June 2018 Space Wolves August 2018 Orks November 2018 Genestealer Cults February 2019 Going up to 22 codexes the totals move up to 10 Imperium, 4 Chaos, and 8 Xenos, skewing the balance even moreover to Imperium and Xenos. Granted Xenos has entirely different races comprised in them, while Imperium and Chaos are generally speaking different flavors of the same core faction with a few exceptions like Knights and/or Daemons. After about 2 years of the new edition, they circled back what I think we can safely say are their big sellers- Marines. Chaos Space Marines (2nd Edition) March 2019 Chaos Knights July 2019 Space Marines (2nd Edition) August 2019 Ultramarines (Space Marines) August 2019 White Scars (Space Marines) August 2019 Iron Hands (Space Marines) September 2019 Ravenguard (Space Marines) September 2019 Imperial Fists (Space Marines) October 2019 Salamanders (Space Marines) October 2019 Adepta Sororitas November 2019 Finally tallying 32 total Codex/supplement releases we have the full 8th edition lineup in view. The final totals are 17 Imperium, 5 Chaos, and 8 Xenos making a smooth 30 books for the full lineup. However, 6 of the last Imperium additions were just supplements for Space Marines. Hard to believe that was literally a year ago right? Heck, the 9th Edition Space Marines codex was announced less than a full year had passed since the second 8th Edition one had been released. 8th Edition Narrative Expansions Imperium Nihilus: Vigilus Defiant (Ultramarines) December 2018 Imperium Nihilus: Vigilus Ablaze (Black Legion) April 2019 Psychic Awakening: Phoenix Rising (Craftworlds, Drukhari & Index: Ynnari) October 2019 Psychic Awakening: Faith & Fury (Chaos Space Marines & Space Marines) November 2019 Psychic Awakening: Blood of Baal (Blood Angels & Tyranids) December 2019 Psychic Awakening: Ritual of the Damned (Dark Angels, Grey Knights & Thousand Sons) January 2020 Psychic Awakening: The Greater Good (Tau, Astra Militarum & Genestealer Cults) February 2020 Psychic Awakening: Saga of the Beast (Space Wolves & Orks) March 2020 Psychic Awakening: Engine War (Adeptus Mechanicus, Imperial Knights, Chaos Knights & Chaos Daemons) June 2020 Psychic Awakening: War of the Spider (Adeptus Custodes, Sisters of Silence, Assassins, Death Guard & Agents of Bile) June 2020 Psychic Awakening: Pariah (Adepta Sororitas, Necrons & Index: Inquisition) July 2020 The narrative expansions took place over the course of nearly 2 years and offered minor updates and changes to 29 factions and sub-factions. Some of which like Agents of Bile were brand new! These books also served the purpose of accelerating the 40k story forward as it was relatively still during the course of the edition up until this point sans the Vigilus storyline. What's Coming Next for 9th Edition? Although it's impossible to say for sure, it looks like the most likely releases to come are going to be Xenos and Chaos focused with a sprinkle of Imperium after a time. In the past they tend to lump faction of similar natures together, so a few Xenos together then maybe a chaos faction and a rival faction or something along those lines. Seeing as Chaos Space Marines are a core faction and haven't gotten a 9th edition codex, they are probably the safest bet for one of the early 2021 codexes. What do you think the next releases announced will be? Do you want a particular faction to be updated next? Did you enjoy the narrative expansions at the end of 8th edition? Like the more modern editions, they included units and rules that were compiled from White Dwarf, 2nd Edition Boxed set volumes The 2nd Edition box set included three Codex-style books in addition to the core rulebook. 2nd Edition Codices The 2nd Edition was substantially more colourful and the new Codex books reflected this fact. More detailed information, such as background and organisation, was included, adding more depth and details to the Warhammer 40,000 universe. Campaigns and Supplements 2nd Edition 3rd Edition The 3rd Edition Codexes were much smaller and less detailed than the second. This is because several new races were invented and five or six codexes a year could be produced. Revisions Some Codexes were amended or rewritten during 3rd Edition. Campaign and Settings Within the 3rd Edition a new type of Codexes were published. Rather than providing information on a specific force, these included new rules and background for environments or planetary campaigns. 3rd Edition 4th Edition With the introduction of the 4th Edition of Warhammer 40,000, the Codices have been updated and re-released. The fronts of the Codices are back in a consistent style, as it was in the 2nd Edition. Campaigns and Expansion As in 3rd Edition, the 4th Edition of the rules also introduced Expansions, Codexes that don't deal with a single force, but rather expand the rules for select settings and situations. 4th Edition 5th Edition Campaigns and Expansion 6th Edition Codex Supplements Campaigns and Expansions 7th Edition Codex Supplements Campaigns and Expansions 8th Edition Indexes Codices Codex Supplements Campaigns and Expansions 9th Edition Codices Supplements Campaigns & Expansions Related Articles Index Astartes Codex List of Lists warhammer 40k 8th edition codex pdf. warhammer 40k 8th edition codex pdf download. warhammer 40k 8th edition codex pdf vk. warhammer 40k 8th edition codex release dates. warhammer 40k 8th edition codex list. warhammer 40k 8th edition codex pdf free download. warhammer 40k 8th edition codex download. warhammer 40k tau codex 8th edition pdf
