Now you will be able to use a lot of new surprising features like topics, privacy tweaks & many other features that make it much better than the official Whatsapp bag. You can download the latest version gbwhatsapp wa mod mod apk for android from the following download: gbwhatsapp apk Download for Android gbwhatsapp apk Download the latest version Nomegbwhatsapp size52 MB version8.26 Developergh mods Rootnot Category REQUEST WHATSAPP MOD DOWNLOADS50 MILLION + SupportSandroid 4.0 + UPDATEDMARCH 2020 [THE AD ID = **À º º** ~ 476 **À**] GBWhatsApp APK Download Important Note: GBWhatsApp WA MOD MOD by GBMODS does not work anymore so we replaced with COM.GBWhatsApp APK from another developer called Fouadmods! You can use it without problems as it is the best alternative to GBMods! The new updates will be regularly shared here! Greetings **À º º**, Gbwhatsapp for Android (features and changes) GBWhatsApp is considered as the best mod Whatsapp available for the Android platform due to its popularity, support, characteristics and its regular new updates. Its fantastic features and mod makes it much better than the officer. All users who have tried GBWA mod found it more impressive and replaced with the built essay. Give an attempt and see what you intend to decide between stocks and the GB Whatsapp mod. I am 100% sure, you will also enjoy its impressive features that convince you to move to Gbwa mod. Another more point is that with every update that many new mods arrive that makes it much more interesting. It is unique and even the most significant mod of Whatsapp with more than 50 million downloads and millions of fans. Here are some of the functionality of GB Whatsapp Mod: Dual WhatsApp there are many users who want to use anymore whatsapp accounts on their smartphones, but it is not possible officially. But now with GB WhatsApp, you can use Dual WhatsApp on your Android. Yes, you can run it together with the Whatsapp stock and use it as secondary WhatsApp. It is an excellent feature for those who want 2 accept accounts of different affordments affected by the different farms or business. Customization mods There is only a predefined appearance in stock integrated by WhatsApp that seems to be very boring. But Mod Gbwa are equipped with fantastic customization changes that allows users to customize your WhatsApp appearance as you want too. Change chat styles, conversations, launcher icon, ticks and more. Also get 100 on topics integrated with daily updates that can be used with the GB Themes app. Privacy Tweaks There are many additional privacy options present in the Mod GB Whatsapp that are missing in the WHATSAPP warehouse. These privacy tweaks can be very much For users who take their privacy as the main concern. The Mods Gbwa Privacy include features how to hide seen last time, blue tick, tick, according to the online status, the typo and much more. Ban Proof & Secure There are many WHATSAPP mods available in the online market, but most of them are not prohibited and protected. Yes, your WhatsApp account has the risk of using such mods but don't worry as whatsapp GB is anti-ban whatsapp mod and is fixed with the end of END encryption. Your chats are the same as the original 100% Whatsapp. Message Scheduler is a very important and useful feature of GBMods GB WhatsApp WA mod. It is a message programmer function that uses which you can schedule the message and leave it to be sent at the time your set. How do you want to send a message from good morning to your friend in the morning, you can schedule a message for him. It is better to send desires and personal messages. Automatic reply Another very useful feature of the Mod GBWA. You can send automatic chat answers as a welcome message to users who send you. You can set the custom text for your contacts to respond when the message. It can be used to show your chats you are active while sleeping or you can also use this feature for your business work. Main features This section is to list the remaining features with which Mod Whatsapp is loaded. These features include extra features that have been added by the developer to make it more useful. There are many in the official Whatsapp app, but those limited features have been extended to GBWA. So here is the key and the extra features of this model of Whatsapp: Block Inbuilt Moding Languages Added New Emojis Added Audio Copy Status Button up to 100 MB Limitation Call Function 24 Hours Online MOD Hide Chat For Privacy Send HD Images & PICS Download Friends Story Modified Changes Icons Send Videos Up to 50 MB Copy Text From Messages Send 90 Images In One Shot 35 Characters Group Name Up to 255 Characters Status 600 Members Transmission Limit Install GBwhatsapp on Android In This Section, We will learn how to download and install GBAWhatsApp MOD AND ANDROID. A device with Android 4.0 + is required of this mod. If you meet the requirements, you can easily install GBWA mod without problems. First of all, you need to download the latest version of APK GBWhatsApp from the direct download link above. Once the APK download process is completed, you can follow the procedure below to install it: if you are an old Droid user, then you may know that we need to activate unknown sources to install an APK file. You need to enable unknown sources on your smartphone that can be performed in the security or privacy settings of the device. Now go to the GB WHATSAPP MOD APK file that you downloaded from the connections provided above. Open the GBWA APK and proceed to install it. Now wait for the installation process until it is installed: GBWhatsApp APK Download for Android Download GBWhatsApp APK latest version Now you have correctly installed GBMODS GB WhatsApp mod on the device. You're ready for rock! Now you can start using its advantages and use whatsapp to advance the level. Users can register as the WhatsApp official by entering their mobile number and check it using it OTP. You will find many extra features in the GB settings where you can access them and modify them as you want. Below are some of the screenshots of the mod gbwhatsapp that will give you an idea of this: how to migrate from whatsapp warehouse to gbwhatsapp? There are many users who want to switch to GBWhatsApp But don't want to lose their important chats and data. But there is no need to worry while users can migrate from the Whatsapp stock to GB Whatsapp without losing any of their chats. To do this, just follow the simple steps below: First, take all your backup chats for Google Drive and your local storage space that will be usable if something goes wrong. Now you are ready to go so you can uninstall the WhatsApp app. Release the last last GBWhatsApp MOD APK from the download link provided and install it on your device! Now Lancia GB Whatsapp from Drawer App and you will arrive at the screen in the image below: Now there will be a restore button you can use if you have the backup GBwhatsapp otherwise it is not usable. As migration migration from WhatsApp Press is agreed and continues to the next screen. You must provide SMS and storage permissions so that it can verify the OTP and access the backup file from the device memory. Now confirm your mobile number with a disposable password you receive and then you will see the WhatsApp copy button as this: just touch that button and copy all your WhatsApp data and migrating it to Gbawhatsapp mod! Will restore all your chats, messages, images, videos and other data on whatsapp GB and you will start using it from where you have uninstalled the official Whatsapp build. I hope after reading this tutorial will be easily able to aim from the agency version to the GB Whatsapp mod! **À º º**, GBWhatsApp (Disclaimer) There are many voices on the Internet that GBwhatsapp is not safe and steals user data to hurt their privacy. But there is no need to worry because it's the most reliable option for whatsapp mod. Yes, it is safe and the chatter and data are protected by end to final encryption. But make sure you download it from reliable websites like ours because most sites share false and modified mods to steal data. We always share the original GBWA built directly from the official developer website **À º º** ~ "GBMods.co/ GBWhatsApp 8.26 (Anti-Ban) There are many users who are facing the problem of prohibition, but this version is totally prohibited Banded. This is the latest version GBWhatsApp Anti-Ban APK Download for Android! Many users are banned due to the use of the GB Whatsapp mod but using this latest version (8.26) you can use it without any risk of level Account level. If you are still banned, you can uninstall the old version and install this last build to recover it! Have fun! **À º º** ~ "FAQ **À º º** ~" GBWhatsApp This section answers questions related to GB Whatsapp mod asked from its users. These questions will delete most of the doubts that you will have on this mod. You can read them below if you find useful or if you have other problems, just use the comment section: is it safe to use? Yes, it is 100% secure safely as it works on the same official WHATSApp server, so you don't have to worry about your privacy. Your chats are completely encrypted and no one can see them different from you. It only has features and additional mods, the rest of things is the same as the equity version. How to download and install it? The download process is quite as simple as you can get it from the direct download link above. Once the download is complete, just follow the Installation Guide and you will be able to use it on your smartphone. You can download it and install your device with just a few clicks. Is usable with WhatsApp actions? Of course, you can use it with the WHATSApp warehouse as it has a different package com.gbwhatsapp! Use the different multimedia folder and the data is saved differently. So if you want to use your second number for WhatsApp, then GBWA is the best choice for you. It is one of the best mod Dual Whatsapp for Android, GBWA (Permissions) Internet Access Usage Microphone Storage Access Use Microphone Usage Room Access Location Access Manage Bluetooth Access Manage Messages Bluetooth Access Manage Vibration Access Messages Manage Activities Background Video Tutorial If you are facing any problem during the installation of the GB WhatsApp **À** You can watch the video guide below to install your device.
