Rockstar Games needs no introduction: their GTA saga speaks for itself. However, this study doesn't just thrive on street crime...it also laid some eggs in youth bullying at an elite school, but also in corrupt and decadent ones. Of course we are talking about Bully: Anniversary Edition. Bully Anniversary Edition Bully: Anniversary Edition is a new version of this adventure that puts players in the role of Jimmy Hopkins, a young man who reminds me (or at least) of Wayne Rooney in his school uniform. You will test her fate at Bullworth, an elite private school, where she is the last of the pack and must fight to force her law of teachers and thugs into the institute's hierarchy. Then get ready to face all the challenges to survive in the challenging academic world: finish your classes, withstand the pressure of the teachers, be the best in sports, reject thugs, push boundaries... The game mechanics are similar to Grand Theft Auto. This anniversary re-release introduces resolution, graphics, lighting and texture improvements. These are the features you will find in this pay-per-view game. Complete the tyrant story with more missions, characters, mini-games and unlockables. Improved graphics. Native support for high-resolution screens. Improved touch sensitivity. Save your games to the cloud and keep playing on any other device. Compatible with physical control. Additional requirements and information: Minimum systems: Android 8.0. Elies Guzmán I finished the story and then the documentation and have over a decade of experience testing and writing applications: testimonials, tutorials, articles, news, tricks and more. There have been countless, mostly on Android, the operating system... Susana Arjona Bully: Anniversary Edition - helps a teenager find his place among the students at Bullworth Academy. Attend classes, fight, unleash chaos and so on. Jimmy Hopkins, the main character of this Android game, has to go to a private college. This will help Jimmy get through the school year and make the most of it. Take part in the war between school groups. Get in the ring and turn your opponents around. Use lever Y to defeat the thugs. Prepare traps for students and teachers. Removed by teachers and group leaders who keep order. Game features: high quality graphics interesting plot.Nockstar games do not have to enter: their GTA saga speaks for itself. However, this studio does not live from street crime alone ... It has also been seated a couple of eggs in the elite basket of youth hooliganism, but in a corrupt and decadent school. Of course, we are talking about Bully: Anniversary Edition. Bully Anniversary Edition Bully: Anniversary Edition is the re-release of this sharp story adventure in which players are in the role of Jimmy Hopkins - the young man who resembles Vein Rune in his school form. You will control his fate at the Bullworth, the elite private school where he is at the bottom of the board, and he must fight to comply with his law against teachers and murderers in the school hierarchy. So be prepared to face every opportunity to survive in the difficult academic world: move forward in your classes, treat teachers' pressure, be the best in sports, fight the cups, break the boundaries ... Game mechanics are similar to Grand Theft Car. This anniversary has improved resolution, graphics, lighting and textures. These are the features you will find in this fee for a view in the game: Complete the bully story with multiple missions, heroes, mini games and unlocked things. Improved graphics. Built-in support for high resolution displays. Improved touch sensitivity. Save your games in the cloud and continue playing on any other device. Compatible with physical control. System Requirements and Additional Information: Minimum System Requirements: Android 8.0. Elies Guzman has completed the story and future documentation, and I have more than ten years of experience in app testing and writing: reviews, training, articles, news, tips and much more. There were countless ones, especially on the Android operating system ... Susana Arjona Bully: Anniversary Edition - Help the teenager find his place among the Bullworth Academy students. Visit classes, get involved in battles, call the scourg and more. The protagonist of this Android game, Jimmy Hopkins, has to go to a private boarding school. Help Jimmy to withstand the school year and use it in full. Take part in the war between school gangs. Enter the ring and eliminate your opponents. Take a Y-Stick to win intimidation. Set traps to students and teachers. Hold on from teachers and group leaders who maintain order. Features of the game: high quality graphics, interesting storyline, various mini games, beautiful controls, Softonic review, bully: Anniversary. There is a special number of bullying in action games. The game is developed by Rockstar Games. As with most open-world games, you'll see the game from a third-person perspective. The single-player mode puts you in control of rebellious student Jimmy Hopkins. Your job is to get Jimmy to stand up among the clicks - bullies, nerds, preppies, rascals and jacks. In order to progress through the game, you must complete a linear series of missions. So you have to earn the right to move freely in the open world of the game. From what works, Bully has become a cult favorite thanks to its innovative, original gameplay, as well as its imaginative storytelling. Watching the game is a naughty schoolboy named Jimmy Hopkins. He was left as a wild mother at a boarding school called Bullworth. As Jimmy, you have to climb the social ladder. The school is full of liars, cheaters and snobs. So you have to use your experience to resist what you think is right. If you can survive this school year and outsmart your opponents, you'll make it through school. The Anniversary Edition features everything that made the original edition so iconic. It also includes other classes, missions and characters from Bully and even Bully: Scholarship Edition. Rockstar Games even made a lot of improvements that can only be found in the mobile game program. Includes high definition updates, smooth checkpoints and 1080p support. The most obvious addition is the multiplayer feature. Also known as Friend Challenges, these are mini-games that take place in class. You have to compete with other players to complete various tasks. These mini-games include frog dissections, word problems, and even helping the forest animals on the school campus. Jimmy's overall goal is to run the school. Similar to other Rockstar games, you can use your neighbor's melee attacks and weapons to fight enemies. Your arsenal includes drum teeth, bullets, stink bombs and guns. It might not seem like it, but fluffy Jimis can jump, swim and drive to get what he wants. He can ride a skateboard, scooter, bike and wheelbarrow. However, as with most students, the most convenient vehicle is the bus. Now the game has expanded the mobile game. Controls have been properly configured on touch screen phones. You will see that the game is basically flat. It will beAutomatic tracking system that prevents the drill from looking up, down and down. Over time, better acceptance of bullies varies in their actions and play. Each area of this game shows something special. From quick and sarcastic schoolmate pranks to mini-games that make up your schedule, this game will keep you entertained. Fans will also be proud to see how much the game has improved. It is not much different from the original version, but additional multiplayer modes, improved graphics and the use of mobile devices have opened up more entertainment for players. Same gameplay and story in 1080p. for mobile multiplayer Konivation: Anniversary Edition for iPhone Developed by Rockstar Games Android: 8.0+ Genre: Anniversary Edition - this game will show the wonderful life of an ordinary boy in a horrible school. You will play as a teenager named Jimmy to earn your credibility among thugs and other jockeys. You have to play a teacher, fight with boys, live a crazy life and win the hearts of women. Immerse yourself in his life and discover many more interesting things. Games Bully Cache: Jublirsary Edition: Extract the archive to /SDCARD/Android/OBB/latest news games apps.
